Tender No. - WAP/NK/RMC/DISTRIBUTION/BIHAR/2026

With reference to Pre-bid meeting for the above cited work held on 24.09.2026 at 3:00 PM, the following bidders have participated the Pre-Bid meeting;

1. M/s P&C Projects Pvt. Ltd.
2. M/s Mythri Infrastructure and Mining India Pvt. Ltd.
3. M/s Sarala Project Works Pvt. Ltd.
4. M/s Replen Projects Pvt. Ltd.
5. M/s UMDS Engineers Pvt. Ltd.
6. Bridge and Roof Company (India) Limited
7. GA Infra Pvt. Ltd.

The bidders have raised queries during the pre-bid meeting, which have been discussed. The queries received vide emails from bidders along replies are tabulated as below:

S. No.	Name of Bidder	Reference	Query	Reply
1.	M/s P&C Projects Private Limited	EMD	We kindly request you to consider the entire value of EMD Rs. 3,42,43,000 to be submitted in the form of Insurance Surety Bond.	No Change, as per NIT
		Bid Submission Date	We kindly request you to provide us with a time extension for submission of bids by two weeks.	No Change, as per NIT
		Site Locations	We kindly request you to provide kmz. files (Google Earth) for all site locations.	KMZ file is attached
		Site visit	We kindly request you to provide us with the details of the contact person for site visit purposes	Contact details for Site visit; Senior Project Manager, North Koel Project - Bihar Portion Mobile No.: 7479304016
2.	M/s Ananya Engicon Pvt. Ltd.	Completion Period	It is requested that the completion period may kindly be enhanced from 08 months to 18 months, excluding the Kharif period, to enable systematic and quality execution of the works. Major points for considerations:	No Change, as per NIT

			• The work is distributed over a large geographical area and execution at different reaches will require movement of heavy construction machinery, materials and manpower. Approach/access to several work fronts may not be readily available or may require improvement/provision of temporary access roads. • During execution of canal/distribution network and structures, existing water supply lines, electrical/telephone lines, drainage arrangements and other utilities/services may be encountered at different locations. Shifting/protection/diversion of such utilities may require coordination and approvals from the concerned departments. • The works are spread across multiple divisions and reaches. Even though the tender provides information regarding land, actual availability of a continuous and obstruction-free work front may vary from location to location. • The tender requires existing roads/watercourses not to be blocked, cut, altered, diverted or obstructed without permission. Further, safe access and traffic movement are required to be maintained during execution. • The scope involves execution of canal works along with a large number of associated structures such as CD works, culverts, bridges, falls, outlets etc. These activities require	
--	--	--	--	--

			proper sequencing, curing time, testing and commissioning/handing over. Such approvals may involve coordination with various authorities and may affect the availability of work fronts. The tender already excludes the Kharif period from July to October end. Consequently, the effective working window is restricted, while activities such as earthwork, excavation, embankment and canal-related works are sensitive to rainfall and ground conditions.	
		Award of Work	As the tender is published in the financial year 2026-2027 but for financial data eligibility "Turnover, profit, net worth certificates was asked for Last 5 (Five) years ending on the financial year 2024-25". As the current financial year is 2026-2027 so, last five financial year should include financial year 2025-2026. Kindly, include 2025-2026 for the evaluation process.	No Change, as per NIT
3.	Mythri Infrastructure And Mining India Private Limited	Qualifying Criteria	- Since the scope of both the works executed by us is similar to the tendered work, involving substantial Earthwork, Liner and Concrete Works, we request you to kindly consider the same as "Similar Nature of Work" and issue a corrigendum/amendment modifying the Technical Qualifying Criteria accordingly. - We request you to also consider Private sector undertaking company or Listed Public Limited company in addition to the Central Govt. /State Govt. /PSU or any Govt. Authority and humbly request you to issue a corrigendum/amendment	No Change, as per NIT

			modifying the Technical Qualifying Criteria accordingly.	
		Deadline for receiving online bids	We request you to kindly extend the bid submission date by another 15 days i.e., up to 21-10-2026	No Change, as per NIT
