As per the queries raised by the bidders in the pre bid meeting, the replies are as follows:

<b>A M/s Modern Concept Constructions</b>		
	<b>Queries raised by the bidder</b>	<b>Replies</b>
1	<p>In list of makes as mentioned in the tender document, fasteners of Hilti, Fischer or Wuerth make are only to be used. However, there are other brands also which are available in the market which are also as good as the makes mentioned in tender document.</p> <p>So, instead of using fasteners of make as mentioned in the tender, is it allowed to use fastener of other brand.</p>	<p>The fastener of makes as mentioned at Sl. No. 3: List of Make under Section-V: Scope of Work are only acceptable for execution as mentioned in the tender.</p>

1	<p>In the tender, it is mentioned to provide the work experience certificate for providing and fixing of anchor fasteners on stone façade, however the process of fixing of fasteners on face of the building for strengthening purpose whether it is on stone, tile ACP, Glazing etc. is same and technique behind both the work is also same.</p> <p>Therefore, it is requested to consider the work experience for providing and fixing of anchor fasteners on external façade of the building also.</p>	<p>The relevant clause has been modified. Please refer Corrigendum/ Addendum No. 1 in this regard.</p>
