Submission of Online Bids is mandatory for this Tender. For conducting electronic tendering, bidders shall use the portal:

<https://gem.gov.in>

INSTRUCTION FOR ONLINE BID SUBMISSION

The bidders are required to submit soft copies of their bids electronically on the GeM Portal, using valid Digital Signature Certificates. The instructions given below are meant to assist the bidders in registering on the GeM Portal, prepare their bids in accordance with the requirements and submitting their bids online on the e-GeM Portal.

More information useful for submitting online bids on the e-GeM Portal may be obtained at:

<https://gem.gov.in>

4.1.1 REGISTRATION

1. Create a seller account on GeM : Creating a GeM seller account is the primary step for manufacturers and sellers. The registration on GeM should only be done by an authorized person or key person of their respective entity.
2. Updation of organisational profile : Once the creation of the seller account is complete, applicants are required to update their organizational profile, such as PAN validation, Company Details, address verification and bank account detail of the organization.

Once the primary setup of the GeM profile is done, firms must deposit caution money respectively as per their turnover.

Sellers turnover	Caution money fees
Less than Rs. 1 crore	₹5,000/-
Turnover between Rs. 1-10 crores	₹10,000/-
Turnover more than Rs. 10 crores	₹25,000/-

3. **Seller's GeM vendor assessment:** After the deposition of caution money, sellers are required to apply for **GeM vendor assessment**. All sellers must apply for assessment to participate in public procurement of Q1 & Q2 category products. **Vendors also have to pay the assessment fee of Rs. 11,200 + GST. The assessment carried out by QCI in 2 stages.**
4. **Desktop assessment:** Sellers are required to submit mandatory documents in this process. Quality control of India (QCI) verifies data and documents of the entity. The objective is to understand the process, such as the entity's a manufacturing/assembling process, policies, function and performance.
5. **Video assessment:** Once the desktop assessment is completed. QCI moves on to validate the information through video assessment. The auditor of QCI conducts it through a mobile-based app.

The vendor needs to pass this step to obtain their **OEM status to list their brand** on the Gem portal for public procurement.

4.1.2 SEARCHING FOR TENDER DOCUMENTS

- 1) Step 1: Login to Your Account to Initiate the GeM Portal Bidding Process.
- 2) Step 2: Search for the Product you want to bid on GeM Portal.
- 3) Step 3: Choose the Product you want to bid on GeM Portal.
- 4) Step 4: GeM Bid On the Product once Selected.
- 5) The bidder should make a note of the unique Tender ID assigned to each tender, in case they want to obtain any clarification / help from the Helpdesk.

5. PREPARATION OF BIDS

- 1) Bidder should take into account any corrigendum published on the tender document before submitting their bids.
- 2) Please go through the tender advertisement and the tender document carefully to understand the documents required to be submitted as part of the bid. Please note the number of covers in which the bid documents have to be submitted, the number of documents - including the names and content of each of the document that need to be submitted. Any deviations from these may lead to rejection of the bid.
- 3) Bidder, in advance, should get ready the bid documents to be submitted as indicated in the tender document / schedule and generally, they can be in PDF / XLS / RAR / DWF/JPG formats. Bid documents may be scanned with 200 dpi with color or black and white option whichever is sufficient for the size of the scanned document.

6. SUBMISSION OF BIDS

- 1) Bidder should log into the site well in advance for bid submission so that they can upload the bid in time i.e. on or before the bid submission time. Bidder will be responsible for any delay due to other issues.
- 2) Bids shall be submitted online only on GeM Portal. Tenders and supporting documents shall be uploaded through GeM Portal. Only Hard copy of the Tender documents shall not be accepted. Tenderer should ensure that the documents being uploaded by him are legible, and wherever possible scanned copy of the original document should be uploaded instead of Xerox copy.
- 3) Bidder should prepare the EMD, Bid Security Declaration and Solvency Certificate as per the instructions specified in the tender document. **The original EMD and Original Solvency Certificate should be posted/couriered/given in person to the concerned official, latest by the last date of bid submission or as specified in the tender documents.** The details of the instrument, physically sent, should tally with the details available in the scanned copy and the data entered during bid submission time. Otherwise, the uploaded bid will be rejected.
- 4) Bidders are requested to note that they should necessarily submit their financial bids in the format provided and no other format is acceptable. If the price bid has been given as a standard BoQ format with the tender document, then the same is to be downloaded and to be filled by all the bidders. Bidders are required to download the BoQ file, open it and complete the **cyan coloured (unprotected)** cells with their respective financial quotes and other details (such as name of the bidder). No other cells should be changed. Once the details have been completed, the bidder should save it and submit it online,

without changing the filename. If the BoQ file is found to be modified by the bidder, the bid will be rejected.

5) The server time (which is displayed on the bidders' dashboard) will be considered as the standard time for referencing the deadlines for submission of the bids by the bidders, opening of bids etc. The bidders should follow this time during bid submission.

6) All the documents being submitted by the bidders would be encrypted using PKI encryption techniques to ensure the secrecy of the data. The data entered cannot be viewed by unauthorized persons until the time of bid opening. The confidentiality of the bids is maintained using the secured Socket Layer 128-bit encryption technology. Data storage encryption of sensitive fields is done. Any bid document that is uploaded to the server is subjected to symmetric encryption using a system generated symmetric key. Further this key is subjected to asymmetric encryption using buyers/bid opener's public keys. Overall, the uploaded tender documents become readable only after the tender opening by the authorized bid openers.

7) The uploaded tender documents become readable only after the tender opening by the authorized bid openers.

8) The bid summary has to be printed and kept as an acknowledgement of the submission of the bid. This acknowledgement may be used as an entry pass for any bid opening meetings, if required.

9) The Client shall not be responsible for delay/non encryption of submitted data/any issue with the online submission of portal.

The Contractor acknowledges that under the present Contract, WAPCOS Limited is only working as intermediary between NTPC Limited (NTPC) Being Owner and Agency. Thus the Contractor unconditionally acknowledges that the payments under the present Contract shall be made proportionately by WAPCOS Limited only on **back to back basis** i.e., after 21 days subject to receipt of payment from NTPC Limited (NTPC) being Owner. The Agency also unconditionally agree that in the event the payment or part thereof, under the present Contract/Agreement/Work Order/ Arrangement is not received from NTPC Limited (NTPC), then WAPCOS Limited &/or any of its Employee/Officer shall not be responsible to pay any amount to Agency. The said condition shall supersede any and all other conditions of Contract/Agreement/Work Order/Arrangement between the parties.

The company reserves the right to recover/ enforce recovery of any overpayments detected after payment as a result of post-payment audit or technical examination or by any other means, notwithstanding the fact that the amount of disputed item, if any, of the Agency/Contractor exceeds the amount of such overpayments and irrespective of the fact whether such disputed claims of the Agency/Contractor are subject matter of arbitration or not. The amount of such overpayment may be recovered from subsequent bill, under the contract, failing that from Agency/Contractor's claim under any other contract with the company or from Agency/Contractor's security deposit or from the amount retained or the Agency/Contractor shall pay the overpayment on demand.

The work shall be carried as per the Terms of Reference, Technical Specifications, and Scope of Work.

Final bill shall be submitted by the contractor on completion of entire scope of work or before the date fixed by the Engineer-In-charge for the work executed. The Engineer-In-Charge shall then arrange to have the bill verified by taking or causing to be taken where necessary, the requisite measurement of the work, testing results for the

submitted portion of bill etc., However, Retention money shall be deducted from bill @ 10% of the gross bill. The whole retention money thus retained from final bill shall be released after defect liability period with successful completion of the work to the full satisfaction of Engineer-in-charge.

No payment will be made to the contractor for damages caused by rains or other natural calamities during the execution of the works and no such claim on this account will be entertained.

The payment of advance is normally discouraged. If the contractor wished to take advance, the advance payment of 10% of the contact amount may be given as interest bearing advance payment on fulfilling the following points:

- Acceptance of Letter of Award (LoA).
- Submission of an unconditional Bank Guarantee against advance covering the 110% of the advance amount which shall be kept valid up to 90 (ninety) days beyond the schedule date of successful completion of the work under the contract. However, in case of delay in completion, the validity of this Bank Guarantee against advance shall be extended by the period of such delay.

13.0 Change of Quantity:

The quantity mentioned in the schedule of work is provisional. The company reserves the right to vary the quantities as may be necessary but such variation shall be limited to $\pm 25\%$ (plus or minus twenty five percent) of the mentioned quantity in the bid document. Payment shall be made as per execution.

14.0 Labour License:

The contractor shall obtain a valid license under the Contract Labour (R&A) Act, 1970, and the Contract Labour (Regulation and Abolition) Central Rules, 1971, before the commencement of the work, and continue to have a valid license until the completion of the work. The contractor shall also abide by the provisions of the Child Labour (Prohibition and Regulation) Act, 1986.

The contractor shall also comply with the provisions of the building and other Construction Workers (Regulation of Employment & Conditions of Service) Act, 1996 and the building and other Construction Workers Welfare Cess Act, 1996.

Any failure to fulfil these requirements shall attract the penal provisions of this contract arising out of the resultant non-execution of the work.

The contractor shall comply with all the provisions of the Minimum Wages Act, 1948, and Contract Labour (Regulation and Abolition) Act, 1970, amended from time to time and rules framed thereunder and other labour laws affecting contract labour that may be brought into force from time to time.

15.0 Compliance of Labour Laws:

The Contractor shall comply all statutory Labor Laws to protect the labourers engaged by them. In this connection the contractor will be required to execute an Indemnity Bond (as per specimen enclosed as Annexure - IV) after placement of Letter of Intent / Order.

The Contractor shall arrange to submit identity proof of his workmen deputed at site to local police station for their information. Any changes in the deployment of manpower should be intimated time to time to the local police station.

16.0 Variation, Omission, Addition & Alteration:

The Agency/Contractor shall not modify the work except under direction in writing by the Company. The quantities provided in the Schedule of work are provisional only, which may vary up to any extent or may be deleted altogether. The quoted rate of each item shall remain firm till completion of contract. The company reserves the right to alter, amend and omit or otherwise vary the quantities as may be necessary but such variation will be limited to $\pm 25\%$ (plus or minus twenty five percent) of the quantity mentioned in bid document. Payment shall be made as per actual execution.

17.0 Sub-letting of Contract:

The contractor shall not, without the written consent of the Company, assign or sublet his contract or any part thereof, other than for raw materials, or for any part of the work provided that any such consent shall not relieve the contractor from any obligation, duty or responsibility under the contract. In the event of sub-letting of contract or any part thereof is permitted, the fact that such permission has been accorded shall not establish any contractual relationship between the approved Sub-vendor and WAPCOS Limited of any of his liabilities and obligations under the contract.

18.0 Supplementary Works:

Whenever supplementary works become unavoidable for completion of the work in all respect, the Agency/Contractor shall bring the matter to the notice of the Controlling Officer and advise the Agency/Contractor to proceed with such item(s) of work.

Rates for supplementary item shall be arrived on the basis from the existing items & rates in the contract.

19.0 Agreement:

The Agency/Contractor will have to sign an agreement with WAPCOS Limited as per the format specified in Annexure-I. The agreement is non-exclusive in nature. The agreement shall not restrict WAPCOS Limited from contracting for identical or similar services from any other person/party.

This agreement shall initially be valid for a period of the contract which may be extended for an additional period unless as provided herein revoked earlier for whatever reasons. If at any stage during the tenure of this agreement, it comes to the notice of WAPCOS Limited, directly or through some other complaint, that the Agency/Contractor had misrepresented the facts or submitted any false information or hidden any information, which could have affected the signing of this agreement with the agency, this agreement shall stand terminated immediately upon intimation to the Agency/Contractor.

WAPCOS Limited may, without prejudice to any other remedy available for the breach of any conditions of agreement, by a written notice of one month issued to the agency at its registered office, terminate or suspend this agreement under any of the following circumstances:

- a) The Agency/Contractor failing to perform any obligation(s) under the agreement.
- b) The Agency/Contractor failing to rectify, within the time prescribed, any defect as may be pointed out by WAPCOS Limited.
- c) The Agency/Contractor going into liquidation or ordered to be wound up by competent authority.

Either party may terminate the agreement, by giving notice of at least one month in advance. The effective date of surrender of agreement will be one month counted from the date of receipt of such notice by the other party or the authority that signed the agreement on behalf of other party.

It shall be the responsibility of the Agency/Contractor to maintain the agreed quality of service, even during the period when the notice for surrender/termination of agreement is pending and if the quality of performance is not maintained, during the said notice period, it shall be treated as material breach liable for termination at risk and consequent of Agency/Contractor and Security Deposit shall be forfeited, without any further notice.

Whenever breach of non-fulfilment of agreement conditions may come to the notice of WAPCOS Limited through complaints or as a result of the regular monitoring, wherever considered appropriate WAPCOS Limited may conduct an inquiry either suo-moto or on complaint to determine whether there has been any breach in compliance of the terms and conditions of the agreement by the Agency/Contractor or not. The Agency/Contractor shall extend all reasonable facilities and shall endeavor to remove the hindrance of every type upon such inquiry.

Actions pursuant to termination of Agreement: Notwithstanding any other rights and remedies provided elsewhere in the agreement, upon termination of this agreement.

- a) Firm shall not represent the WAPCOS Limited in any of its dealings.
- b) Firm shall not intentionally or otherwise commit any act(s) as would keep a third party to believe that it is still the WAPCOS Limited's service provider.
- c) The expiration or termination of the Agreement for any reason whatsoever shall not affect any obligation of either Party having accrued under the Agreement prior to the expiration or termination of the Agreement and such expiration or termination shall be without prejudice to any liabilities of either Party to the other Party existing at the date of expiration or termination of the Agreement.

The rights and obligations arising out of this agreement shall not be assigned or transferred to a third party without prior written consent of either party.

Notwithstanding anything contained herein, either party to this agreement shall have the right to terminate this contract by giving the other party 30 days' notice in writing.

If the service of the Agency/Contractor is found to be not satisfactory, the contract will be terminated with one month's notice and the Agency/Contractor will not be eligible for any compensation on this account.

20.0 Foreclosure of Contract Due To Abandonment or Reduction In Scope of Work

If at any time after acceptance of the tender, Engineer-in-charge shall decide to abandon or reduce the scope of the works for any reason whatsoever and hence not require the whole or any part of the works to be carried out, the Engineer-in-Charge shall give notice in writing to that effect to the bidder and the bidder shall act accordingly in the matter. The bidder shall have no claim to any payment of compensation or otherwise whatsoever, on account of any profit or advantage which he might have derived from the execution of the works in full but which he did not derive in consequence of the foreclosure of the whole or part of the works.

21.0 Force Majeure:

If performance by either party of its duties and obligation under this agreement is prevented or delayed by circumstances of force majeure including, but not limited to fire, flood, earthquakes, strike, war, riots, insurrection, any action undertaken or restriction imposed by authority of any Government agency of court, shortage of equipment or raw materials or any other act beyond its reasonable control, the time within which the affected party must perform shall be delayed for a period under such circumstances to a maximum of 120 days during which the parties shall use alternate methods, but after which period either party shall have the right to terminate the agreement. Determination of this agreement shall not relieve either party from the payment of the sum or performance of other duties and obligations, which may be owing to the other, as a result of the operation of this agreement prior to such termination.

22.0 Dispute Resolution Framework

22.1 GOVERNING LAW, JURISDICTION & WAIVER OF ALTERNATIVE REMEDIES - CLAUSE 1

22.1.1 Governing Law: This Contract shall be governed and interpreted strictly in accordance with the laws of India. No foreign law, conflict-of-laws principle, or external rule shall apply, unless expressly mandated by a funding agency and separately approved in writing by the Competent Authority.

22.1.2. Exclusive Jurisdiction: Subject to prior exhaustion of the internal dispute-resolution tiers stipulated in this Contract, the Parties agree that all suits, actions, or proceedings arising out of or in connection with this Contract, including its formation, validity, performance, breach, or termination, shall be instituted exclusively before the competent civil courts at Delhi, being the place where the Company's Registered Office is situated, to the exclusion of all other courts. The Parties irrevocably waive any objection relating to forum non conveniens, place of suing, or inconvenience.

22.1.3. Exclusion of arbitration & consensual ADR: The Parties unequivocally agree that no dispute shall be referred to arbitration, conciliation, expert determination, Dispute Review Board, or any other form of consensual alternative dispute resolution, except where statutorily mandated (e.g., MSMED Act). This exclusion is without prejudice to the mandatory pre-litigation mediation process stipulated in Clause 2.3 below.

22.1.4. The parties expressly agree that there is no arbitration agreement between them and they irrevocably waive any right to invoke arbitration under the Arbitration and Conciliation Act, 1996 or to constitute an arbitral tribunal in any manner whatsoever.

22.2 STRUCTURED INTERNAL DISPUTE RESOLUTION MECHANISM (SIDRM)

22.2.1. Tier-I: Dispute resolution by Engineer-in-Charge (EIC)

- Notice of Dispute: Any Dispute must be notified in writing to the EIC within 21 days from the date on which the aggrieved Party became, or ought reasonably to have become, aware of the event giving rise to the Dispute.
- Contents of Notice: The notice shall contain (i) complete facts and chronology; (ii) precise contractual clauses invoked; (iii) a quantified claim with calculations; and (iv) full supporting records such as drawings, DPRs, MBs, photographs, test

results, correspondence, and site registers. Vague, omnibus, or un-particularised notices shall be summarily rejected without prejudice to WAPCOS.

- EIC's Decision: The EIC shall examine the matter, including through joint site verification or expert inputs as needed, and shall issue a speaking order within 30 days of receiving a complete notice.
- Binding Effect: The EIC's decision shall bind both Parties unless a written request seeking escalation to Tier-II is filed within 15 days from the date of issuance of EIC's decision. Absence of a timely request shall render the EIC decision final.

22.2.2. Tier-II: Departmental Review Committee (DRC)

- Constitution: A standing Departmental Review Committee, consisting of three senior officers including two Technical and one Finance/ Account officer, shall independently review disputes escalated from Tier-I.
- Review Process: The DRC shall conduct a record-based administrative review of the Tier-I file, supplemented by written submissions from the Contractor. The committee may permit oral hearings if it deems them necessary for a fair decision.
- Decision & Finality: The DRC shall deliver reasoned determination within 30 days of referral, extendable once by 30 days for, if resolution takes time, with reasons recorded. This determination shall constitute the final administrative decision of WAPCOS.

22.3 MANDATORY PRE-LITIGATION MEDIATION

22.3.1. Obligation to Mediate: Following the DRC decision (or deemed decision), either Party may initiate pre-litigation mediation. Where the dispute qualifies as a 'commercial dispute' under the Commercial Courts Act, 2015, this mediation shall satisfy the mandatory pre-litigation requirement under Section 12A of the said Act.

22.3.2. Mediation Parameters: Mediation shall be conducted by a mediator empanelled with the High Court or a Government-notified mediation service provider in accordance with the Mediation Act, 2023. The timelines and extension provisions stipulated in the Act shall apply.

22.3.3. Approval of Settlement: Any mediated settlement agreement shall be subject to final written approval and execution by the Competent Authority of WAPCOS. The mediator shall be informed at the outset that the authorized representative of WAPCOS does not have the inherent power to bind WAPCOS to a settlement without such approval. If such approval is not granted within 30 days of the settlement terms being presented, the settlement shall be deemed not concluded, and the mediation shall be treated as unsuccessful.

22.4 CIVIL COURT JURISDICTION & CONSEQUENCES OF BREACH

22.4.1 Exhaustion of Remedies: A Party may file a civil suit only after (a) obtaining a DRC decision or deemed decision, and (b) participating in the mandatory mediation process and obtaining a failure report.

22.4.2 Mandatory Pleadings: Every plaint shall specifically demonstrate compliance with Tier-I, Tier-II, and Tier-III requirements. Failure to do so shall render the plaint liable to rejection.

22.4.3 Any attempt to initiate arbitration or file a civil suit without first exhausting the mandatory tiers stipulated above shall constitute a material breach of contract. WAPCOS shall be entitled to seek appropriate relief from the court, including but not limited to an injunction to restrain such proceedings, and to recover all associated costs and expenses.

22.4 GENERAL PROVISIONS

22.4.1. Severability: If any portion of this Clause is invalidated by a court, the remaining parts shall remain in force.

22.4.2. Amendment: This Clause may be amended only by a written instrument signed by the CMD or an expressly authorized officer of WAPCOS.

22.4.3. Failure to continue performance shall constitute a material breach entitling WAPCOS to terminate the Contract without prejudice to its other right.

INTEGRITY AGREEMENT

This Integrity Agreement is made at on this..... day of 20.....

BETWEEN

WAPCOS Limited, Gurugram (Hereinafter referred as the '**Client**', which expression shall unless repugnant to the meaning or context hereof include its successors and permitted assigns)

AND

.....through.....

.....
(Name and Address of the Individual/firm/Company)

..... (Hereinafter referred to as the "**Bidder/Agency/Contractor**")

(Details of duly authorized signatory)

and which expression shall unless repugnant to the meaning or context hereof include its successors and permitted assigns)

Preamble

WHEREAS the Client has floated the Tender (NIT No.) (hereinafter referred to as "Tender/Bid") and intends to award, under laid down organizational procedure, contract for..... (Name of work) hereinafter referred to as the "Contract".

AND WHEREAS the Client values full compliance with all relevant laws of the land, rules, regulations, economic use of resources and of fairness/transparency in its relation with its Bidder(s) and Agency/Contractor(s).

AND WHEREAS to meet the purpose aforesaid both the parties have agreed to enter into this Integrity Agreement (hereinafter referred to as "Integrity Pact" or "Pact"), the terms and conditions of which shall also be read as integral part and parcel of the Tender/Bid documents and Contract between the parties.

NOW, THEREFORE, in consideration of mutual covenants contained in this Pact, the parties hereby agree as follows and this Pact witnesses as under:-

Article 1: Commitment of the Client

1. The Client commits itself to take all measures necessary to prevent corruption and to observe the following principles:
 - a. No employee of the Client, personally or through any of his/her family members, will in connection with the Tender, or the execution of the Contract, demand, take a promise for or accept, for self or third person, any material or immaterial benefit which the person is not legally entitled to.
 - b. The Client will, during the Tender process, treat all Bidder(s) with equity and reason. The Client will, in particular, before and during the Tender process, provide to all Bidder(s) the same information and will not provide to any Bidder(s)

- confidential / additional information through which the Bidder(s) could obtain an advantage in relation to the Tender process or the Contract execution.
- c. The Client shall endeavor to exclude from the Tender process any person, whose conduct in the past has been of biased nature.
2. If the Client obtains information on the conduct of any of its employees which is a criminal offence under the Indian Penal code (IPC)/Prevention of Corruption Act, 1988 (PC Act) or is in violation of the principles herein mentioned or if there be a substantive suspicion in this regard, the Client will inform the Chief Vigilance Officer and in addition can also initiate disciplinary actions as per its internal laid down policies and procedures.

Article 2: Commitment of the Bidder(s)/Agency/Contractor(s)

1. It is required that each Bidder/Agency/Contractor (including their respective officers, employees and agents) adhere to the highest ethical standards, and report to the WAPCOS Limited all suspected acts of fraud or corruption or Coercion or Collusion of which it has knowledge or becomes aware, during the tendering process and throughout the negotiation or award of a contract.
2. The Bidder(s)/Agency/Contractor(s) commits himself to take all measures necessary to prevent corruption. He commits himself to observe the following principles during his participation in the Tender process and during the Contract execution:
 - a. The Bidder(s)/Agency/Contractor(s) will not, directly or through any other person or firm, offer, promise or give to any of the Client's employees involved in the Tender process or execution of the Contract or to any third person any material or other benefit which he/she is not legally entitled to, in order to obtain in exchange any advantage of any kind whatsoever during the Tender process or during the execution of the Contract.
 - b. The Bidder(s)/Agency/Contractor(s) will not enter with other Bidder(s) into any undisclosed agreement or understanding, whether formal or informal. This applies in particular to prices, specifications, certifications, subsidiary contracts, submission or non-submission of bids or any other actions to restrict competitiveness or to cartelize in the bidding process.
 - c. The Bidder(s)/Agency/Contractor(s) will not commit any offence under the relevant IPC/PC Act. Further the Bidder(s)/Contractor(s) will not use improperly, (for the purpose of competition or personal gain), or pass on to others, any information or documents provided by the Client as part of the business relationship, regarding plans, technical proposals and business details, including information contained or transmitted electronically.
 - d. The Bidder(s)/Agency/Contractor(s) of foreign origin shall disclose the names and addresses of agents/ representatives in India, if any. Similarly Bidder(s)/Agency/Contractor(s) of Indian Nationality shall disclose names and addresses of foreign agents/representatives, if any. Either the Indian agent on behalf of the foreign principal or the foreign principal directly could bid in a tender but not both. Further, in cases where an agent participate in a tender on behalf of one manufacturer, he shall not be allowed to quote on behalf of another manufacturer along with the first manufacturer in a subsequent/parallel tender for the same item.
 - e. The Bidder(s)/Agency/Contractor(s) will, when presenting his bid, disclose any and all payments he has made, is committed to or intends to make to agents,

brokers or any other intermediaries in connection with the award of the Contract.

3. The Bidder(s)/Agency/Contractor(s) will not instigate third persons to commit offences outlined above or be an accessory to such offences.
4. The Bidder(s)/Agency/Contractor(s) will not, directly or through any other person or firm indulge in fraudulent practice means a willful misrepresentation or omission of facts or submission of fake/forged documents in order to induce public official to act in reliance thereof, with the purpose of obtaining unjust advantage by or causing damage to justified interest of others and/or to influence the procurement process to the detriment of the WAPCOS interests.
5. The Bidder(s)/Agency/Contractor(s) will not, directly or through any other person or firm use Coercive Practices (means the act of obtaining something, compelling an action or influencing a decision through intimidation, threat or the use of force directly or indirectly, where potential or actual injury may befall upon a person, his/her reputation or property to influence their participation in the tendering process).

Article 3: Consequences of Breach

Without prejudice to any rights that may be available to the Client under law or the Contract or its established policies and laid down procedures, the Client shall have the following rights in case of breach of this Integrity Pact by the Bidder(s)/Agency/Contractor(s) and the Bidder/ Agency/Contractor accepts and undertakes to respect and uphold the Client's absolute right:

1. If the Bidder(s)/Agency/Contractor(s), either before award or during execution of Contract has committed a transgression through a violation of Article 2 above or in any other form, such as to put his reliability or credibility in question, the Client after giving 14 days' notice to the Agency/Contractor shall have powers to disqualify the Bidder(s)/Agency/Contractor(s) from the Tender process or terminate/determine the Contract, if already executed or exclude the Bidder/Agency/Contractor from future contract award processes. The imposition and duration of the exclusion will be determined by the severity of transgression and determined by the Client. Such exclusion may be forever or for a limited period as decided by the Client.
2. Forfeiture of Performance Guarantee/Security Deposit: If the Client has disqualified the Bidder(s) from the Tender process prior to the award of the Contract or terminated/determined the Contract or has accrued the right to terminate/determine the Contract according to Article 3(1), the Client apart from exercising any legal rights that may have accrued to the Client, may in its considered opinion forfeit the entire amount of Performance Guarantee and Security Deposit of the Bidder/Agency/Contractor.
3. Criminal Liability: If the Client obtains knowledge of conduct of a Bidder or Agency/Contractor, or of an employee or a representative or an associate of a Bidder or Agency/Contractor which constitutes corruption within the meaning of IPC Act, or if the Client has substantive suspicion in this regard, the Client will inform the same to law enforcing agencies for further investigation.

Article 4: Previous Transgression

1. The Bidder declares that no previous transgressions occurred in the last 5 years with any other Company in any country confirming to the anticorruption approach

or with Central Government or State Government or any other Central/State Public Sector Enterprises in India that could justify his exclusion from the Tender process.

2. If the Bidder makes incorrect statement on this subject, he can be disqualified from the Tender process or action can be taken for banning of business dealings/ holiday listing of the Bidder/Agency/Contractor as deemed fit by the Client.
3. If the Bidder/Agency/Contractor can prove that he has resorted / recouped the damage caused by him and has installed a suitable corruption prevention system, the Client may, at its own discretion, revoke the exclusion prematurely.

Article 5: Equal Treatment of all Bidders/Agency/Contractors/SubAgency/Contractors

1. The Bidder(s)/Agency/Contractor(s) undertake(s) to demand from all subAgency/Contractors a commitment in conformity with this Integrity Pact. The Bidder/Agency/Contractor shall be responsible for any violation(s) of the principles laid down in this agreement/Pact by any of its Sub Agency/Contractors/sub-vendors.
2. The Client will enter into Pacts on identical terms as this one with all Bidders and Agency/Contractors.
3. The Client will disqualify Bidders, who do not submit, the duly signed Pact between the Client and the bidder, along with the Tender or violate its provisions at any stage of the Tender process, from the Tender process.

Article 6: Duration of the Pact

1. This Pact begins when both the parties have legally signed it. It expires for the Agency/Contractor/Vendor 12 months after the completion of work under the contract or till the continuation of defect liability period, whichever is more and for all other bidders, till the Contract has been awarded.
2. If any claim is made/lodged during the time, the same shall be binding and continue to be valid despite the lapse of this Pacts as specified above, unless it is discharged/determined by the Competent Authority, WAPCOS Limited.

Article 7: Other Provisions

1. This Pact is subject to Indian Law, place of performance and jurisdiction is the Headquarters of the Client, who has floated the Tender.
2. Changes and supplements need to be made in writing. Side agreements have not been made.
3. If the Agency/Contractor is a partnership or a consortium, this Pact must be signed by all the partners or by one or more partner holding power of attorney signed by all partners and consortium members. In case of a Company, the Pact must be signed by a representative duly authorized by board resolution.
4. Should one or several provisions of this Pact turn out to be invalid; the remainder of this Pact remains valid. In this case, the parties will strive to come to an agreement to their original intentions.
5. It is agreed term and condition that any dispute or difference arising between the parties with regard to the terms of this Integrity Agreement / Pact, any action taken by the Client in accordance with this Integrity Agreement/ Pact or interpretation thereof shall not be subject to arbitration.

Article 8: Legal and Prior Rights

All rights and remedies of the parties hereto shall be in addition to all the other legal rights and remedies belonging to such parties under the Contract and/or law and the same shall be deemed to be cumulative and not alternative to such legal rights and remedies aforesaid. For the sake of brevity, both the Parties agree that this Integrity Pact will have precedence over the Tender/Contact documents with regard any of the provisions covered under this Integrity Pact.

SECTION– VII

TERMS OF REFERENCE/TECHNICAL SPECIFICATION

SECTION – VII

TERMS OF REFERENCE/ TECHNICAL SPECIFICATIONS

1. BACKGROUND

The proposed Kumbhe Pumped Storage Project, with an installed capacity of 1100 MW, is located in Raigad district of Maharashtra. The upper reservoir is proposed on the Nirabai River, a tributary of the Savitri River, the Water Resources Department (WRD), Government of Maharashtra, has planned the construction of upper earthen dam with a reservoir live storage capacity of 6.91 MCM for the project. The lower reservoir is planned downstream of the Chach Waterfall. The two reservoirs will be interconnected by a water conductor system designed to utilize an available gross head of approximately 437 meters. An underground powerhouse will be constructed to house four fixed-speed, reversible Francis turbine-generator units, along with associated equipment such as generator-motor assemblies, transformers, and other auxiliaries.

Kumbhe Pumped Storage Project (4X275 MW) is proposed as an Off-stream open-loop pumped storage scheme.

2. Project Location

The project area falls under Raigad district of Maharashtra. The upper reservoir is under construction by the Water Resources Department (WRD), Government of Maharashtra and near Kumbhe Village. The proposed lower reservoir shall be constructed near Chach village. An Upper Reservoir having Latitude 18°18'53"N and Longitude 73°22'27"E, the lower reservoir having Latitude 18°19'07.2" N and Longitude 73°21'29.0" E & Power house with Latitude: 18°19'9.2"N and Longitude: 73°20'28.5"E.

Fig. - 1 : Location Map

3. Access to Project Site

The project site is located in Raigad district of Maharashtra. Access road networks to site are available from all the major cities in the state. The proposed site can be approached by Road, Rail and Airways from Pune, Maharashtra.

S. No.	Medium of Transport	Details
1	By Air	The nearest airport is Pune.
2	By Rail	The nearest rail head is Mangaon. 30kms away from the project
3	By Road	Pune to Nizampur via Tamhini Ghat through NH 753 F
4	Sea Port	Jawaharlal Nehru Port Trust (JNPT), Nhava Sheva, Mumbai

The Kumbhe Pumped Storage Project (PSP) is located approximately 115 kilometers from Pune. The site is easily accessible via National Highway 753F, following the route from Pune to Nizampur through Tamhini Ghat—a well-known mountain pass. From Nizampur, a state road leads directly to the proposed dam site. Overall, the project location is well connected by an all-weather motorable road, ensuring year-round accessibility.

4. Scope of Work

The Scope of Work is “Determination of In-Situ Stress and Deformability Parameters of Rock Mass at the Proposed Underground Powerhouse Site Using Hydro-Fracture and Goodman Jack Tests in bore holes for Kumbhe Pumped Storage Project (1100 MW), Maharashtra”. The detailed scope of work is given below:

4.1 For Hydro-Fracture Test

The determination of in-situ stress parameters shall be carried out in accordance with ISRM Standards (Suggested Methods for Rock Stress Estimation, Part-3, 2003) and IS 13946 (Part-1): 2022 – Determination of Rock Stress – Code of Practice. Accordingly, the HTPF method (Hydraulic Testing of Pre-existing Fractures) shall be adopted for in-situ stress measurement. Based on the test results, the magnitude and orientation of the maximum principal horizontal stress shall be evaluated. The broad scope of Testing as under:

- To carry out hydraulic fracture tests in two (02) NX size boreholes at the proposed underground powerhouse location.
- To determine the magnitude and direction of the maximum principal horizontal stress (σ_H).

The details of the test to be conducted are under:

S. No.	Borehole	Drill hole Depth (m)	Test required

Five tests may be carried out at the crown, spring, invert level and Intermediate levels out of all the tests. The crown of the powerhouse is 143.00 m

4.1.1 Test Intervals:

- Tests shall be conducted at a minimum of **Five (5) distinct test sections** within the borehole, typically 15 to 20m above the the Crown, Springing, Invert levels and Intermediate levels of the proposed powerhouse cavern, or as directed by the Engineer-in-Charge.
- Test sections must be fracture-free and selected based on the scrutiny of drill cores/borehole logs.

4.1.2 Methodology:

- Packer Installation:** Lowering of straddle packer assembly (double packer) to isolate the test section.
- Breakdown Cycle:** Injection of fluid at a constant flow rate to induce a fracture in the rock wall. Recording of Breakdown Pressure.
- Shut-in & Re-opening Cycles:** Stopping injection to record the Instantaneous Shut-in Pressure. Subsequent cycles to determine Fracture Re-opening Pressure. Minimum 3-4 cycles shall be conducted per test section to ensure repeatability.
- Orientation:** Use of an **Impression Packer** with a magnetic compass/orienting tool (or Acoustic Televiewer) to obtain the trace of the induced fracture and determine the direction of maximum horizontal stress.

4.1.3 Parameters to be Determined:

- Fracture Initiation (Breakdown) Pressure
- Fracture Re-opening Pressure
- Instantaneous Shut-in Pressure
- Pore Water Pressure
- Tensile Strength of Rock (in-situ).
- Magnitude of Principal Stresses.
- Direction/Orientation of Principal Stresses with respect to North.

4.2 For Goodman Jack Test

The Goodman Jack (Borehole Jack) tests shall be carried out in accordance with IS 17511: 2020 “Borehole Jack Test for Determination of Modulus of Deformation of Rock Mass” and ISRM Suggested Method (1996) / relevant ASTM standards, as applicable, for determination of in-situ deformability of rock mass using Goodman Jack equipment. Accordingly, the in-situ deformability modulus of the rock mass shall be determined from the pressure–deformation response obtained during the tests.

A total of 4-5 test zones shall be selected along the depth of the borehole, depending upon the borehole depth and physical verification of recovered core samples and geological logging. Goodman Jack tests shall be conducted at these selected test locations to determine the average in-situ deformability modulus of the rock mass. The broad scope of Testing as under:

- To carry out Goodman Jack tests in one (01) NX size borehole at the proposed upper dam location.
- To determine the in-situ deformability modulus of the rock mass for use in design and stability analysis

The details of the test to be conducted are under:

S. No.	Borehole	Drill hole Depth (m)	Test required
1	DH-12 Ground EL. 402.69 m Easting 327412.20 m Northing 2026304.36 m	320 m	Goodman Jack Test: Tests to be conducted 15-20 m above the crown to invert level. Five tests may be carried out at the crown, spring, invert level and Intermediate levels to determine the deformability modulus at the proposed powerhouse cavern depth. The crown of the powerhouse is 143.00 m

4.2.1 Test Intervals:

- Tests shall be conducted at a minimum of **Five (5) distinct test sections** within the borehole, typically 15 to 20m above the the Crown, Springing, Invert levels and Intermediate levels of the proposed powerhouse cavern, or as directed by the Engineer-in-Charge.
- Specific depths will be decided based on rock quality (RQD) and geological logging.

4.2.2 Methodology:

- i. **Calibration:** The jack shall be calibrated prior to insertion.
- ii. **Loading:** Application of unidirectional pressure to the borehole walls via curved platens using a hydraulic pump.
- iii. **Cycles:** The test shall be conducted in **five (5) cycles** of loading and unloading. Peak stress levels for cycles shall be 20%, 40%, 60%, 80%, and 100% of the maximum test pressure (typically corresponding to the estimated cover pressure or design stress).
- iv. **Measurement:** Diametrical deformation shall be recorded against applied pressure using LVDTs/readout units.

4.2.3 Parameters to be Determined:

- Pressure vs. Displacement curves.
- Modulus of Deformation from the initial loading curves.
- Modulus of Elasticity from the unloading/reloading curves.

5. Deliverables

A comprehensive Final Report shall be submitted within 7 days of fieldwork completion. The report shall be bankable, meeting the standards of CEA/CWC, and must include:

- i. **Methodology:** Detailed description of equipment and procedures (referencing IS 13946 & IS 17511).
- ii. **Geological Logs:** Lithological logs of the test section.
- iii. **Analysis - Hydrofracture:**
 - Calculation of in-situ stresses using standard equations (e.g., Hubbert & Willis).
 - Breakdown, Shut-in, and Re-opening pressure curves.
 - Fracture impression traces and orientation analysis.
 - Final recommendations on Principal Stress magnitudes and directions.
- iv. **Analysis - Goodman Jack:**
 - Stress-Deformation graphs for all cycles.
 - Calculation of and taking into account the stiffness of the rock and hydraulic efficiency of the jack.
- v. **Conclusion:** Summary table of design parameters for the Powerhouse Cavern.

The scope includes mobilization of all necessary men, materials, high-pressure pumps, packers, data acquisition systems, and impression tools to the project site; conducting the tests at specified depths in the designated borehole; de-mobilization; and submission of detailed analysis reports.

6. Time Schedule

The works shall be completed in 01 (One) Month in all respect, from the date of commencement.

BILL OF QUANTITIES (BOQ)

Hydro-Fracture Test and Goodman Jack Test in Bore Holes for Kumbhe Pumped Storage Project, Maharashtra						
Sl. No.	Description of Item	BIS Code Ref.	Unit	Qty.	Rate (Rs.) per Test	Amount (Rs.)
1	Carrying out Hydro-Fracture test at minimum 5 test location (sections) in bore holes, including impression packer tests for orientation, mobilisation, demobilization, and submission of analysis report, as per scope mentioned in the tender document in all respect.	IS 13946	each	2		
2	Carrying out Goodman Jack test at 5 test locations in bore hole, including two diametrical orientations per location, demobilization, and submission of report as per scope mentioned in the tender document in all respect.	IS 17511	each	1		
3. Sub-Total (excluding GST)						1+2
4. Total without GST						3
5. GST for (1+2) @18%						=0.18 X (3)
6. Total (With GST)						=4+5

- The rate shall be inclusive of all allied works as mentioned in Terms of Reference. The rate quoted should be exclusive of GST.

Important Note for submission of online tender:

- 1) **Do not fill above financial table at the time of submission of technical bid.**
- 2) **The above financial proposal is to be filled by bidder in the excel file attached in online portal. After that, same filled excel file, will be uploaded by bidder at**

the submission of Price Bid. Only cyan Coloured cells are to be filled by the bidders.

- 3) Bidders will also have to fill the total bid amount on e-gem portal apart from this excel BoQ. The consolidated amount (as obtained in “5. Total”) to be filled in the E-Gem portal should be INCLUSIVE of GST @18%**

The Bill of quantity of tender is attached in Microsoft Excel format, bidder shall fill the rates and corresponding amounts only in soft format. The bidder will upload same filled soft Microsoft Excel copy during uploading of the financial bid.
