Except where otherwise provided in the contract, all questions and disputes relating to the work or the execution or failure to execute the same whether arising during the progress of the work or after the cancellation, termination, completion or abandonment thereof shall be dealt with as mentioned hereinafter:

If the Selected Agency considers any work or any matter in connection with or arising out of the contract or carrying out of the work, to be unacceptable and is resulting in a dispute, it shall be referred to the Nodal Officer from WAPCOS who shall, within a period of thirty days after being requested by the Selected Agency to do so, give written decision to the Selected Agency. Upon receipt of the written decision of the Nodal Officer, the Selected Agency shall promptly proceed without delay to comply with such decision.

16.2 Adjudication of Disputes

Any dispute, controversy or claims arising out of or relating to this Agreement or the breach, termination or invalidity thereof, shall be settled through following mechanism :-

- a. Firstly, the aggrieved party shall write a letter to the other party detailing its grievances and calling upon the other party to amicably resolve the dispute by convening a joint meeting. Accordingly, the parties as per their convenience shall jointly convene the said meeting(s), wherein minutes of the said meeting(s) shall be prepared and countersigned by all the parties. It is mandatory to prepare minutes of meeting(s) and to be countersigned by all the parties, irrespective of the outcome of the said meeting(s).
- b. In the event the parties are unable to reach on any settlement in the said meeting(s), then the aggrieved party shall mandatory resort to pre-litigation mediation mechanism with Delhi High Court Mediation Cell, New Delhi.
- c. It is only upon failure of the pre-litigation mediation mechanism with Delhi High Court Mediation Cell, then the aggrieved party shall resort to resolution of disputes through arbitration of a Sole Arbitrator. The appointing authority of Sole Arbitrator is CMD, WAPCOS Limited, to which neither of the parties have any objection nor they shall ever objected.
- d. Subject to the parties agreeing otherwise, the Arbitration proceedings shall be conducted in accordance with the provisions of the Indian Arbitration and Conciliation Act, 1996 (amended as on date).
- e. It is also acknowledged and accepted that WAPCOS is only working as Intermediary between the Associate/Sub-Consultant/ Sub-Contractor and the Client, thus in the event, any dispute arises under the present agreement and referred to Arbitration for adjudication, then subject to corresponding clause in the Contract/ Agreement/ Work Order/ Arrangement between Client & WAPCOS, Client shall also be made party to the said Arbitration proceedings. Also, the award including costs if any passed against WAPCOS and costs incurred in the proceedings shall be the sole responsibility of Principle Employer/ Client. The said clause if found inapplicable, even then the other terms of the Arbitration Clause shall survive and shall be acted upon.
- f. The place/seat of arbitration shall be Delhi and award whether interim or final, shall be made, and shall be deemed for all purpose between the parties to be made, in Delhi. The arbitral procedure shall be conducted in English language and any award or awards shall be rendered in English. The procedural law of the arbitration shall be Indian Law. The award of the arbitrator shall be final and conclusive and binding upon the Parties.
- g. The contract and any dispute or claim arising out of or in connection with it or its subject matter of formation (including non-contractual disputes or claims) shall be governed by and construed in accordance with the laws of India and the Parties submit to sole & exclusive jurisdiction of courts at Delhi.

17.0 Incomplete tenders, conditional tenders, tenders received after the stipulated time shall be

	(5.2) When the contractor has made himself liable for action under any of the cases aforesaid the officer accepting the contract on behalf of the Government or the Engineer-in-charge shall have powers to adopt any one or more of following courses as he may deem best suited to the interest of Government.
	(5.2.1) To determine or rescind the contract as aforesaid (of which termination or recession notice in writing to the contractor under the hand of the Engineer-in-charge or communicated directly or through the Assistant Engineer shall be conclusive evidence). Upon such termination or recession the security deposit of the contractor shall be liable to be forfeited and shall be absolutely at the disposal of Government.
	(5.2.2) After giving notice to the Contractor to measure up the work of the Contractor and to take such part thereof as shall be unexecuted out of his hands and to give it to another Contractor to complete in which case any expenses which may be incurred in excess of the sum which would have been paid to the original Contractor if the whole work had been executed by him (of the amount of which excess the certificate in writing of the Engineer-in-charge shall be final and conclusive) shall be borne and paid by the original Contractor and may be deducted from any money due to him by the Government under this contract or any other account whatsoever or from his security deposit or the proceed of the sales thereof or a sufficient part thereof as the case may be.
	(5.3) In the event of any one or more of the courses mentioned in Sub Clause(2) above being adopted by the Engineer-in-charge the contractor shall have no claim to compensation for any loss sustained by him by reason of his having purchased or procured any materials or entered into any engagement or made any advances on account or with a view to the Execution of the work of the performance of contract. And in case action is taken under any of the provisions aforesaid, the contractor shall not be entitled to recover or be paid any sum for any work thereof actually performed under this contract unless and until the Engineer-in-charge has certified in writing the performance of such work and the value payable in respect thereof and he shall only be entitled to be paid the value so certified. If the security of the contractor is forfeited as above and same is repeated in other contract agreement the contractor shall be liable to be black listed.
Clause No.6	<u>Contractor remains liable to pay compensation if action not taken under clause 5.</u> In any case in which any of the powers conferred upon the officer

	accepting the contract on behalf of the Government or Engineer-in-charge by Clause 5 here of, shall have become exercisable and the same are not exercised, the non exercised there of shall not constitute a waiver of any of the condition here of and such power shall not with standing be exercisable in the event of any future case of the default by the contractor for which by any clause or clauses hereof he is declared liable to pay compensation and the liability of the contractor for past and future compensation shall remain unaffected. In the event of the Engineer-in-charge putting in force all or any of the powers vested in him under the preceding Clause, the Engineer-in-charge may if he so desires, take possessions of all or any tools, plant, materials or any stores, in or upon the works or the site thereof or belonging to the contractor or procured by him and intended to be used for the execution of the work or any part thereof, paying or allowing for the same in account at the contract rates or in the case of these not being applicable at current market, rates to be certified by the Engineer-in-charge whose certificate there of shall be final other wise the Engineer-in-Charge may give notice in writing to the contractor or his clerk of the work, foremen or other authorized agent require him to remove, such tools, plant, materials of stores from the premises (within a time to be specified in such notice) and in the event of the Contractor failing to comply with any such requisition, the Engineer-in-charge may remove at the Contractor expenses or sell them by auction or private sale on the account of Contractor and at his risk in all respect and the certificate of the Engineer-in-Charge as to the expenses of any such removal and the amount of the proceeds and expenses of any sale shall be final and conclusive against the contractor.
Clause No. 7	<u>Extension of time :-</u> The time allowed for execution of work as specified in the schedule "A" or the extended time in accordance with these condition shall be the essence of the contract. The execution of the work shall commence form such time period mentioned in schedule .If the contractor shall desire an extension of the time for completion of the work on the ground of his having been unavoidably hindered in its execution, or any other ground he shall apply in writing to the officer accepting the contract on behalf of the Government through the Engineer-in-Charge and a copy thereof is sent to Engineer-in-Charge within 30 days of the hindrance on account of which he desires such extension as aforesaid, The cases of the extension of the time beyond the time schedule as per milestone shall be submitted to the authority next higher to the officer accepting the contract on behalf of the Government provided that the extension of time should be limited to 50% of the total period of that particular miles stone. In case this period exceeds more than- 50%, it shall be submitted to authority next to next higher to the office accepting the contract as the case may be. Provided always that if the Contractor continues to perform the work obtaining approval for extension as aforesaid the right of the Government to claim compensation under Clause 5 shall not be deemed to have been waived.
Clause No.8	<u>Final Certificate:-</u> On completion of the work the contractor shall send a registered notice to the Engineer-in-Charge giving the date of completion and sending a copy of it

	to the officer accepting the contract on behalf of the Government and shall request the Engineer-in-Charge to give him a certificate of completion but no such certificate shall be given nor shall the work be considered to be complete until the contractor shall have removed from the site, on which the work shall be executed all scaffolding, surplus materials and rubbish and cleared off the dirt from all wood work doors, windows, walls, floors, or other parts of any building in, upon or about which the work is to be executed or of which he may have had possession for the purpose of execution thereof, and he has filled up the pits. If the Contractor fails to comply with the requirements of this clause as to removal of scaffolding surplus materials and rubbish and cleaning of dirt and filling of pits on or before the date fixed for completion of the work, the Engineer-in-Charge may at the expense of the Contractor remove such scaffolding, surplus materials and rubbish and disposal of the same as he think fit and clean off such dirt and fill the pits as aforesaid, and the Contractor shall forth with pay the amount of all expenses so incurred and shall have no claim in respect of any scaffolding or surplus materials as aforesaid except for any sum actually realized by the sale thereof. On completion, the work shall be measured by the Engineer-in-Charge himself or through his subordinate, whose measurements shall be binding and conclusive against the contractor, provided that, in subsequent to the measurements taken by the subordinates as aforesaid the Engineer-in-Charge had reason to believe that the measurements by his subordinates are not correct, Engineer-in-charge shall have the power to cancel the measurements already taken by his subordinates and acknowledged by the Contractors and to take measurements again after giving notice to the contractor and remeasurements shall be binding on the contractors . Within fifteen days of the receipt of the notice, the Engineer-in-Charge shall inspect the work and if there is no visible defect on the face of the work, shall give the contractor a certificate of completion. If the Engineer-in-Charge finds that the work has been fully completed, it shall be mentioned in the certificate to be granted. On the other hand, if it is found that there are certain visible defects to be removed, the certificate to be granted by Engineer-in-charge shall specifically mention the details of the visible defects along with the estimate of the cost for removing these defects. The final certificate of completion of work shall be given after the visible defects pointed out as above have been removed.
Clause No.9	<u>Intermediate Payments :-</u> No Running payments shall be made for work estimated to cost less than Fifty thousand till after the work shall have been completed and a certificate of completion given. But in the case of works estimated to cost more than Rupees Fifty thousand, the contractor shall, on submitting the bill, thereof be entitled to receive a payment passed by the Engineer-in-charge whose certificate of such approval and passing of the sum so payable shall be final and conclusive against the contractor. The maximum amount of intermediate payment shall be limited upto 75 percent of the contract amount. All such intermediate payments shall be regarded as payments for works actually done and completed and shall not preclude bad, unsound and imperfect or unskilled work to be removed and take away and re-constructed or re-corrected, or it shall not be considered as an admission of the due performance of the contractor or any part thereof in any

	respect of the acquiring of any claim nor shall it conclude, determine or affect in any way the powers of the Engineer-in-Charge under these conditions or any of them as to the final settlement and adjustment of the accounts and otherwise or in any other way vary or affect the contract. The final bill shall be submitted by the contractor within one month of the date fixed for completion of the work or of the date of the certificate of completion furnished by the Engineer-in-Charge and payments shall be made within 3 months of submission of such bill. If there shall be any dispute about any items of the work then the undisputed item or items only shall be paid within the said period. The contractor shall submit a list of the disputed items within 30 days from the disallowances thereof and if he fails to do so his claim shall be deemed to have been fully waived and absolutely extinguished.
Clause No.10	<u>Contractors to be given a week to file objection to the measurement recorded by the department:-</u> Before taking any measurement of any work as has been referred to in clause 8,9 thereof, the Engineer-in-Charge or subordinate deputed by him shall give reasonable notice to the contractor. If the contractor fails to attend at the time of measurement after such notice or fails to countersign or to record the difference within a week from the date of measurement in the manner required by the Engineer-in-charge then in any such event the measurements taken by the Engineer-in-Charge or by the subordinate deputed by him as the case may be, shall be final and binding on the contractor and the contractor shall have no right to dispute the same.
Clause No.11	<u>Stores supplied by the Government:-</u> If the specification or schedule of the items provides for the use of any special description of material to be supplied from the Engineer-in-charge's store or if it is required that the contractor shall use certain stores to be provided by the Engineer-in-charge (such materials and stores and the prices to be charged thereof as here-in-after mentioned being so far as practicable for convenience of the contractor, but not so as in any way to control the meaning or effect of this contract, specified in the Schedule or memorandum here to annexed) the contractor shall be supplied with such materials and stores as are required from time to time to be used by him for the purpose of the contract only and the value of the full quantity of materials and stores so supplied at the Rates specified in the said scheduled or memorandum may be set off or deducted from any sums then due, or there after to become due to the contractor under the contract or otherwise or against or from the security deposit, or the proceeds of sale thereof, if the same is held in Government securities, the same or a sufficient portion thereof being in the case sold for the purpose. It shall be the responsibility of the contractor to ascertain from time to time, from the Engineer-in-Charge about the position of availability of the materials as afore mentioned and any delay on the part of the Engineer-in-charge to arrange supplies of the same shall not entitle the contractor to any compensation but in the event of all such delays the contractors shall be granted reasonable extension of time. All materials supplied to the contractor are the property of the contractor, but shall not on any account be removed from the site of the work, except with written permission of the Engineer-in-Charge or

	under his orders and shall at all times be open to inspection by the Engineer-in-charge. Any such materials unused and in-perfectly good condition at the time of completion or determination of the Contract may, by special arrangement be taken over by the Government at the prevailing market rates, if required for use on other works in progress provided that the price allowed shall not exceed the amount charged to the Contractor.
Clause No.12	<u>Works to be executed in accordance with specification, drawing etc:-</u> The contractor shall execute the whole and every part of the work in the most substantial and work-man like manner and both as regards materials and otherwise in every respect in strict accordance with the specification. The contractor shall also confirm exactly, fully and faithfully to the designs, drawings and instructions in writing relating to the work signed by the Engineer-in-Charge and lodged in his office, and to which the contractor shall be entitled to have access to such office, for the purpose of inspecting during office hours and the contractor shall be furnished free of charge one copy of the specification and of all such designs, drawings, and instructions not included in the detailed specifications for buildings and roads enforced from time to time or any other printed publications on general specifications referred to elsewhere in the contract.
Clause No.13	<u>Alteration in specification and design do not invalidate contract:-</u> The Engineer-in-charge shall have the authority to make any alteration or omission from, additions to or substitution for the original specification, drawings, designs, and instructions that may appear to him to be necessary during the progress of the work and the contractor shall carry out the work in accordance with any instructions that may be given to him in writing signed by the Engineer-in-charge and such alterations, omission, addition, or substitutions shall not, invalidate the Contract any altered additions, or substituted work which the contractor may be directed to do in the manner as above specified as part of the work shall be carried out by the Contractor on the same conditions in all respect on which he agreed to do the main work. The time for the completion of the work shall be extended in the proportion that the altered, additional or substituted work bears to the original contract work and the certificate of the Engineer-in-charge shall be conclusive as to such proportion. Over and above this, a further period to the extent of 25 percent of the time so extended may be allowed to the contractor. The rates for such additional, altered or substituted work under this clauses shall be worked out in accordance with the following provisions in their respective order:- 13.1 If the Rate for the additional, altered, or substituted work are specified in the contract for the work, the Contractor is bound to carry out the additional, altered or substituted work at the same rates as are specified in the contract of the work. 13.2 If the rates for the additional, altered or substituted work include any work for which no rates are specified in the contract for the work or can not be derived from the similar class of work in the contract then such work shall be carried out at the rates entered in the Schedule of rates minus/plus percentage

	which the total tendered amount bears to the estimated cost of the entire work put to tender. 13.3 If the rates for the additional, altered or substituted work are not specifically provided in the contract for the work, the rate will be arrived from the rates for similar class of work, as are specified in the contract for the work. 13.4 If the rates for the additional, altered or substituted work can not be determined in the manner specified in sub clauses 13.1 to 13.3 above, the rates for such work shall be worked out on the basis of the Schedule of Rate minus/plus the percentage which the total tendered amount bears to the estimated cost of the entire work put to tender, provided always that if the rates for a particular part or parts of the item is not in the Schedule of rate, rate for such part or parts will be determined by the officer accepting the contract and approved by next higher to the officer accepting the contract on behalf of the Government on the basis of the prevailing market rates when the work was done. 13.5 If the rates of the additional, altered or substituted work can not be determined in the manner specified in sub clause 13.1 to 13.4 above, then the contractor shall within 7 days of the date of receipt of the order to carry out the work inform the officer accepting the contract on behalf of the Government of the rate which it is his intension to charge for such class of work, supported by analysis of the rates claimed and the Superintending Engineer shall determine the rate or rates on the basis of the prevailing market rates and pay the contractor accordingly. However the officer accepting, the contract on behalf of the Government by notice, in writing will be at liberty to cancel his order to carry out such class of the work and arrange to carry it out in such manner as he may consider advisable. But under no circumstances, the contractor, shall suspend the work on the plea of non settlement of rates of items, falling under this clauses:- The quantities for the additional, altered or substituted work and the rates thereof under sub-clause (1) to (3) shall be worked out by the officer accepting the contract on behalf of the Government and shall be approved by the officer next higher to the officer accepting the contract.
Clause No.14	<u>No compensation for alteration in or restriction of the work to be carried out:-</u> If at any time after the commencement of the work the Government of Uttarakhand or the Chief Engineer shall for reason whatsoever not require the whole work thereof as specified in the tender to be carried out, the Engineer-in-charge shall give notice in writing of the fact to the contractor who shall have no claim to any payment or compensation whatsoever on account of any profit or advantage, which he might have derived from the execution of the work in full, but which he did not derive in consequence of the full amount of the work not having been carried out, neither shall have any claim for compensation by reason of any alteration having been made in the original specifications, drawings, designs, and instructions which shall involve any curtailment of the

	work as originally contemplated nor shall have any claim to compensation by reason of his having purchased or procured materials with a view to the execution of the work or the performance of the contract. But the Engineer-in-charge shall have the option either to take over the materials at site, if of approved quality and not in excess of the requirements of the work and to pay to the contractor the actual cost thereof (of the amount of which cost, a certificate by the Engineer-in-charge shall be binding on the contractor). In the event of this option not being exercised, the contractor may submit to the Engineer-in-charge within one month of the date of the order closing down the work a detailed statement of the loss that estimate he will sustain by removing, selling or otherwise disposing of the materials. The estimate will be forwarded to the Chief Engineer who will decide what sum, if any, should as a matter of grace be paid to the contractor to compensate him for the loss suffered by him and the decision of Chief Engineer shall be final and binding on the contractor.
Clause No.15	<u>Action and compensation payable in case of bad work:-</u> If it shall appear to the Engineer-in-charge or his subordinate-in-charge of the work, that any work has been executed with unsound, imperfect, unskillful workmanship or with materials of any inferior description or that any materials or articles provided by him for the execution of the work are unsound or of a quality inferior to that contracted for or otherwise not in accordance with the contract, the contractor shall, on demand in writing from the Engineer-in-charge specifying the work material or articles complained of notwithstanding that the same may have been inadvertently passed, certified and paid for forth-with rectify or remove and reconstruct the work so specified in whole or in part as the case may require or as the case may be, remove the materials and articles so specified and provide other proper and suitable articles at his own proper charge and cost, and in the event of his failing to do so within a period to be specified by Engineer-in-charge in his demand aforesaid the Engineer-in-charge may rectify or remove and re-executed the work or remove and replace with others, the materials or articles complained of as the case may be at the risk and expenses of the contractor in all respects of the contract.
Clause No.16	<u>Work to be open to inspection:-</u> All work under or in the course of execution or executed in pursuance of the contract shall at all times be open to the inspection and supervision of the Engineer-in-charge and his subordinates, and the contractor shall at all times during the usual working hours and at all other time, at which reasonable notice of the Engineer-in-charge or his subordinate to visit the works shall have been given to the contractor, either himself be present to receive orders and instructions, or have a responsible agent duly authorized in writing to be present for that purpose. Orders given to the contractor's agent shall be considered to have the same force as if they had been given to the contractor himself.
